

We are most grateful to Mayor Dave Hodgson who met with eight residents and four parish councilors on Sunday September 9th as part of his village tour.

The concerns raised were:

- 1 Many youngsters in the village would like to play games alongside the football pitch but parents are uncertain about whom to contact for permission for this.
- 2 What steps are being taken to address the volume and speed of traffic along
- 3 Ravensden Road and Hookhams Lane?
- 4 What is the Borough planning to do to address the poor state of roads and paths in the villages and why is it that so much money is spent to address this issue in the town?
- 5 Whose responsibility is it to cut back brambles from bridleways and pathways-particularly alongside the brook?
- 6 What are the chances of acquiring an information board similar to the one placed outside the Swan Hotel in town?
- 7 The 2035 plan. The good news is that NO new homes are planned for Renhold in the latest document, which goes to second reading on September 18th.
